Dear Congressman Miller:

As a registered voter for the state of Florida; I am in favor of adopting current legislation that established the "Honor and Remember Flag" as an official flag of the United States of America. The flag shall recognize ALL military individuals from all wars or conflicts involving the United States who died while serving since our nation's inception. Not only killed in action, but also killed while serving. This flag will stand as a symbol of national gratitude for the hundreds of thousands of American men and women who bravely made the ultimate sacrifice to preserve the freedoms we enjoy. The flag will also help to bring closure for the thousands of families crying out for remembrance of a lost loved one and it will be a nationally recognized reminder to all Americans of the importance of each individual life lost.
